If you want to know more details about this incredible offer, here our some frequently asked questions:

**1) Your offer sounds great! What's the catch?**

We are not playing cricket, so no catch here. Jokes apart, our web hosting plans are designed in a way so that our customers keep renewing their plans year after year. We have customers who have been with us for the past 15 years. Our prices are reasonable; several hosting companies imitate our service module.

**2) Okay, what's the price after one year?**

In the second year, you have to pay for the domain name cost, which is currently only \$17 and \$165.00 (inclusive of GST) for your hosting account. The added bonus is you will again receive all the free options you had in your first year. From the second year, you are only paying \$13.75 per month for your web hosting account.

**3) You are supposed to design a one page website for me. What will be the content of that page?**

We will provide your contact information as well as business description along with product and services in that one page. Apart from that, we can place your company brochure or flyer with a download option. We can even add some essential pictures (to best describe your company or business) together with your company logo and your desired text (company slogan) as per your choice. You can easily design the lay out of your website or you can leave it to us to create an innovative custom design. We support unlimited amount of text, graphics and downloaded content. So, make this one page website a perfect introduction for your business.

**4) I think my site needs more than one page design. How do you handle that?**

It is not a problem at all. If you require several pages to best describe your business, we will provide the first page FREE and you only pay \$10.00 per page for additional pages. You should always ask us to get the best price for your web-designing project. Feel free to contact us and let us know your requirements. If you are interested to know more about our web designing services, please visit: <http://www.cmatheter.com/au/design.html>

**5) Do you support Applications and E-Commerce software?**

Definitely! We are capable to deliver and install the following applications and software for your website: Content Management System (CMS), Online Catalogues, Blog System, Online Ordering, News Management System, Events Management System, e-Newsletter System, Membership Registration Services, Photo Gallery, eCard System, Contact Forms, Downloads Manager, Online Polls, Banner Management System, Oscommerce Installs and Homepages.

Contact us for a custom quote, please visit:

<http://www.cmatheter.com/au/design.html>

**6) What if I need to change my website content?**

We are providing you free service as long as you have your hosting account with us. Just contact us with your desired changes; we can make the necessary text modification within 12 hours. However, if you are an expert, we encourage you to change your website text on your own by using our CMS (Content Management Service).

**7) Can I change hosting company after first year?**

Why not? You are not signing a contract with us for a lifetime bond so you can change your hosting company at any given time. You only need to change the DNS (Domain Name Service) settings to your new hosting company, as the domain name belongs to you not us. We would love for you to stay with us, however if you transfer to another hosting company, you will get back the remaining balance from your hosting account.

**8) I already purchased my domain. Now can you accept it?**

Why not? You have actually taken the right step. You simply now need to point your DNS settings to our server. This means your hosting set up will be done even faster. In which you will be guaranteed 40000 targeted visitors to your website throughout the year. Plus get a two-page web design package absolutely FREE. Now that is a great reward!

**9) What are the payment methods available to pay you for your service?**

We accept Paypal.com payments, online credit cards, bank deposits, checks, Bpay and Australia Post deposits. We require payment in advance before we setup your account.

**10) I am a novice on the Internet, can you help me?**

It is our foremost duty to help our loyal customers. When we set your account up we will assign a customer care representative to you to assist in each and every aspect of your domain, hosting and design service. You will be given their phone number so you can contact them directly any time 24\*7. You simply purchase your desired package and can leave everything to us. It is always our aim to provide you with a hassle free web designing experience, so you can only concentrate on your business.

**11) Are you giving any kind of guarantee?**

Of course we do. We provide 100% money back satisfaction guarantee. If you are not satisfied with our service, contact us within 30 days and will refund your hosting account. No questions asked. Please note there is no refund on domain names, once a domain name is registered, you become the sole owner of it, until expired.
